

# GIS Coop Project: Final Report Evaluation

---

Project No:	Project Title:
-------------	----------------

Date:
Advisor:
Reader:
Evaluator:

Students:

1.
2.
3.
4.

**Title Page** **/-1**

- title – meaningful
- group names, date, course, advisor, reader, college

**Executive Summary** **/3**

- context, purpose
- methods
- major findings
- conclusions, main recommendations, deliverables

**Table of Contents** **/-.5**

- list of sections with page numbers

**Lists of Illustrations & tables** **/-.5**

- lists of figures & tables with pg. no.

**Introduction** **/3**

- background, problem definition
- objectives (purpose) - specific
- statement of need
- scope

**Methodology** **/5**

- method of obtaining data
- pre-processing
- database component
- analysis (spatial and non-spatial)
  - workflow diagram
- data visualization/representation
  - cartographic design/model
- customization
- detailed
- relevant to objectives
- no results

**Project Results** **/4**

- each result relates to an objective
- specific (not vague), logical order
- maps, charts, statistical analysis
- describes end products
- accuracy and completeness
- no interpretation in this section

**Conclusions/Recommendations** **/3**

- summary, final concluding statements
- links to objectives, follows from results
- any interpretations of results
- limitations and benefits of work
- recommendations

**References** **/-1**

- if not referred to in report

**Appendices** **/-1**

- if not referred to in report

**Tables, Figures** **/-1**

- if not referred to in report

**Organization** **/2**

- follows required format, all components (Gulston, 2004)
- sections and subsections clearly numbered
- consistent throughout all sections
- logical sequence
- page numbers accurate (lower case roman & Arabic numerals)

**General** **/2**

- grammar, spelling, flow, clarity
- overall quality, neatness
- technical terms, Geomatics concepts
- positive, confident, convincing approach

**Graphics or Illustrations** **/3**

- professional quality
- accurate
